

PLEASE HELP

Find Child Support Violators

A Message from Anne Arundel County Sheriff Ron Bateman:

I'm asking for your help with a situation which affects our children. Ideally, every child in Anne Arundel County should be receiving the emotional and financial support of both parents whenever possible. Unfortunately, we have some youngsters who are still waiting for financial support from a parent, and this upsets me. Habitual violators have made little or no effort to fulfill their financial obligations or take advantage of periodic "Child Support Amnesty" programs to update their payments.

A noncompliant parent can be arrested and may have a dollar amount posted before they can leave jail - that amount will go toward reducing the back payment amount owed to their child. Thanks to your prior assistance, we have reduced some of our child support warrants, but we need your ongoing help to continue this effort on behalf of the children in our county.

If you know where we can locate any of the following parents who have failed to provide support for their children, or if you have any valuable information to assist us, please contact the Anne Arundel County Sheriff's Office at 410-222-1495 or 410-222-1570. All contacts will be confidential.

"Your children deserve your support." Ron Bateman, Sheriff
