

Anne Arundel County Sheriff's Office Annapolis, MD

The design on this 2008 Ford Crown Vic was the **result of a conversation** with Sheriff Ron Bateman, Richard Speake (training) and Lt./Cpl. Edward A. Bates, fleet manager. They came up with **an all-black** patrol vehicle with large reflective lettering on both sides and the same on the rear deck and bumper. The roof has helicopter **visible numbers**, and the star is the same as the one officers wear on their uniforms.

Judges' Comments: *This is one sharp-looking Crown Vic! The black with yellow lettering jumps out at you and is easy to read. It's clean and simple, yet bold.*
