### Gun found as woman enters courthouse

An Odenton woman was arrested after a handgun was found when she entered the Anne Arundel County Circuit Courthouse, the sheriff's office said yesterday.

When Della Jackson entered the courthouse on Church Circle about 2:10 p.m. Wednesday, the X-ray machine showed a gun inside her purse. A deputy seized an unloaded .38-caliber revolver but saw no ammunition.

Jackson told deputies that she had gone to the courthouse to get a business license and was on her way to pick up her children and go to target practice.
